

Disaster Management Portal

A module of the Event Management System (EMS)

Why has the Disaster Management Portal (DM Portal) changed?

From October 2021 the DM Portal content was made available as a module within the existing whole-of-government Event Management System (EMS). This change ensured continuity of service while also providing a secure and stable environment.

Please note that EMS contains mandatory fields which require the provision of personal and work information that may not have been requested before.

Use this QR Code to be taken directly to the new DM Portal website, then select Desktop icon.

What is available in the Disaster Management Portal?

Overview tab

This is the initial screen displayed for users when logging into the DM Portal.

The screenshot shows the Disaster Management Portal interface. At the top, there is a navigation bar with the Queensland Government logo, the text 'Event Management System', and a dropdown menu for '[Select primary event]'. Below this is a secondary navigation bar with tabs for 'Overview', 'LDMG EAs', 'Referable Dam EAs', 'SEQWater Dam EAs', 'Sunwater Dam EAs', 'Dam EAPs', 'Reporting/Statistics', 'AWS', and 'DM Portal Help'. The main content area is divided into several sections:

- For Assistance:** A section with a search icon and the text 'For Assistance'.
- Queensland Government Disaster Management Portal:** A central banner with the text 'For urgent 24/7 Support Call 07 3635 2387' and 'For BAU support email: EMSAdmin@qfes.qld.gov.au'.
- Submit DM User Access Request:** A blue button.
- Emergency Alert Request Form:** A blue button.
- Create New Emergency Alert Testing Request:** A green button.
- Emergency Alert Request Process:** A blue button.
- Queensland Emergency Alert Manual:** A blue button.
- Create Dam Emergency Action Plan:** A green button.
- Public Information and Warnings Handbook:** A blue button.
- Warning message: Choosing your words:** A blue button.
- How To Guides:** A table listing 8 PDF guides with their titles, file types, and sizes.
- LDMG and DDMG Activation Status:** A table showing the status of various LDMG and DDMG systems.
- Announcements (Last 6 Months):** A table listing recent announcements with their titles, modification dates, and expiry dates.

Links to relevant disaster management documents:

- DM User Access Request
- Emergency Alert Request Form
- Emergency Alert Request Process
- Queensland Emergency Alert Manual
- Public Information and Warnings Handbook
- Warning message: Choosing your words

Create buttons used to create new:

- Emergency Alert Testing Request
- Dam Emergency Action Plan

Note: not all users can view the create buttons
